PRESIDENT'S NOTES

As we move into the fall it is time to give some thought as to what we would like to do next year.

There were so many things going on this year and at times we were spread rather thin at the various events. All of these require manpower and organization. Things do not happen on their own.

Help and ideas are what we want for next year. So if you want to get your feet wet, PLEASE jump in.

VE3VJF - Roy
President, K.A.R.C.

RAC Bulletin 03-023E - E-Town Hall on National Antenna Tower Policy Review

The Townsend Committee conducting the National Antenna Tower Policy Review under contract to Industry Canada has established an E-Town Hall Website where interested parties may record their views, comment on other views and make formal submissions. The website will be available 3 September to 10 October.

Amateurs wishing to join the E-Town Hall and comment on tower issues should go to <<http://www.antennareview.ca>>. This address provides access to both English and French language pages. Amateurs desiring to contribute or comment are urged to ensure that their remarks are clear, concise, factual and courteous.

RAC is preparing a response to the Townsend Committee that will be submitted directly to the Committee; it is also responding as part of the submission being prepared by the Radio Advisory Board of Canada.
